

**IF YOU ARE ENROLLING IN M&AE 490:
Independent or Team Research**

1. Project Approval Form

This form is the agreement between you and your M&AE 490 research project advisor concerning your role in the project and the number of credits. Typically, projects are taken for 3 credits per semester.

If you are enrolling in a two-semester long project:

If you are earning 3 credits each semester, you will register for 6 credits for M&AE 490 in the Fall semester. An “R” (rolling) grade will be posted for your Fall grade. This “R” will remain permanently on your transcript. At the beginning of the Spring term, you will register again for M&AE 490 for 6 credits. A letter grade will be posted at the end of the Spring term. Two-semester long projects may also begin in the Spring and continue through the Fall term. M.E. students may use the 6 credits to satisfy two electives, e.g., technical elective or an advisor approved elective (with advisor’s approval).

You may not register for a two-semester long project as M&AE 490 in the Fall and then as M&AE 429 (M.E.senior design) for the Spring term. Both terms require the same course number and may be used to satisfy two M.E. electives.

2. Submit completed Project Approval Form (with project advisor’s signature) to 108 Upson.

At this time, you may get M&AE approval to add this course manually, if needed.

A completed project form is required for each semester.
